

Mauri ora ki nga Whanau me nga Hoa o te Kura,

Manutuke School was a very busy hive of industry over the holiday period with several, combined projects happening. We are so grateful to

Darrington Slater, Willem van den Worm with Papa **Robert Makara** for liaising with the Contractors and workman to push us right ahead of our time goals. Looks like we will be able to Fibre-glass our pool by Labour Weekend!

Here is the pool area today 20.07.15 with the fence and concrete gone, the dressing sheds renovations and upgrades started, two toilets in the corner started and the pipes being laid!
