Problem Solving Action Women!

The Board of Trustees and the ERO Review team were very impressed with a Manutuke Hat Research Project and Application presented to them by three senior girls from room 10. The girls investigated and gathered data and facts to show the Board that HIGH numbers of year 7 & 8 Manutuke School pupils do not wear hats and were seeking permission to seek a solution to this problem. They researched several different type of hats and found a Ngaru Toa hat, that came out top for the criteria that they had determined which included cost, attractiveness and safety aspects. **Congratulations to Te Hurutea Tahuri, Olinka Matete and Journey Hihi** for their hard work investigations and high quality project to the Board.

Unfortunately the shop who sold these hats has closed. So at this time folks that Black Cap is needed.
